Description

Description:

Pre-Age Night night cream remarkably smoothes skin and fills wrinkles from within. This fast-absorbing cream contains high concentrations of anti-aging peptides that help cell renewal. The retinol contained in this product helps stimulate collagen synthesis and maintain healthy skin. Using a technologically advanced system, Pre-Age Night delivers a potent concentration of hyaluronic acid along with retinol and other key compounds, directly to the skin's cells. Day after day, deep wrinkles like crow's feet, frown lines and nasolabial folds are being filled, smoothed and the skin is radiant. Paraben free.

Use:

Apply nightly on your face and neck.
