Description

Description:

Advancis Biobacil is a probiotic complex, composed of 10 selected strains, that help to:

- Improve the intestinal flora
- Regulate the intestinal transit (help to surpass diarrhea)
- Reduce lactose intolerance
- Support the immune system
- Preventing pathogenic microorganisms infections

Use:

Children over 6 years & adults: As an immune system enhancer: take 1 capsule per day. As an intestinal normalizer: take 1 to 2 capsules per day

Children from 3 to 6 years: Same dosage as above. Open the capsule and dissolve its content in water or juice.
