### Description

**Description:**

Advancis® Capilar is a food supplement constituted by a proantocyanidines optimised complex, wheat germen oil and gamma-oryzanol, associated with B-complex vitamins, zinc and vitamin E. The combined action of these bioactive composites provides a supplementary action in the decrease of hair loss.

**When to Recommend?**

- Thin and volumeless hair
- Hair loss
- Weak nails

**Use:**

Take 1 capsule in the morning and repeat at night with a glass of water, without any obligation to take it with meals.

The intake should be repeated twice a year, preferably during the Winter and the Summer (seasonal hair loss periods).
