### Description

**Description:** Advancis® Kids Royal Jelly contains FOS and GOS, which increase the body's ability to absorb the minerals that promote vitamin synthesis. Prebiotics also contribute to regulate the intestinal flora and transit, contributing to the reinforcement of the immune system.

### Enhanced Formula

Advancis® Kids Royal Jelly contains all the vitamins in its recommended daily intake as well as a powerful multimineral complex.

### With Royal Jelly

A "super food" and a natural stimulant, rich in vitamins, minerals and aminoacids, essential nutrients during growth and in situations of greater need, as is the case of intense physical activity or weakened health condition.

When to Recommend: Lack of appetite

Vitality

Development and growth

Reinforcement of defences

Seasonal changes and new schooling cycles

Intense physical and mental activity

Weakened health condition or convalescence period

Antibiotic intake

Nutritional deficiencies **Use:** Children from 3 years old – 1 teaspoon (5 ml) preferably in the morning, after breakfast.

Children at the age of 7 or above – 1 dessert spoon (10 ml), preferably in the morning, after breakfast.

It should not be taken on an empty stomach.
