Description

Description:

Akileïne Sanitizing Shoe Spray deodorizes shoes that are prone to unpleasant odors, even in the most severe cases, while providing a real cooling effect. The shoe is thus cleaned up and its service life is prolonged. This spray also prevents microbial growth.

Use:

Spray in the shoes at night and let it work all night. Its specific diffuser allows a job even in "upside down" position. Can be used in children's shoes from 3 years old.
