Description

Description:

Designed to relieve dry, cracked feet and calluses, this unique treatment cream offers much needed hydration and relief instantly.

Includes a complex of natural shea butter, macadamia oil and plant glycerin to nourish the skin, while IPARZINE®-4A (a Laboratoires ASEPTA exclusive and patented active ingredient) offers repair and anti-aging properties. Also includes arnica and horse chestnut to stimulate circulation and regenerate the skin. Ideal for mature skin.

Paraben Free.

Use:

Apply twice daily to feet or as needed.
