Description

Description:

Arkopharma Arkocaps Plant Charcoal is a dietary supplement indicated in adults and children over 12 years in the adjuvant treatment of digestive functional manifestations (difficult digestion), especially with meteorism (intestinal bloating) and diarrhea.

Use:

Adults :

4 capsules per day to be taken between meals.

On the advice of your pharmacist, the dosage can be increased to 6 capsules per day.

Children over 12 years :

1 to 4 capsules per day between meals, with a large glass of water.
