Description

**Description:**

Arkopharma Arkocaps Omega 3 is a dietary supplement intended for people wishing to maintain good cardiovascular function. Arkogélules Omega 3 of marine origin is rich in two essential fatty acids: eicosapentaenoic acid (EPA) and docosahexaenoic acid (DHA) that help maintain normal heart function.

The beneficial effect is obtained by the daily intake of 250 mg of EPA and DHA.

**Use:**

4 capsules per day with a large glass of water, in 1 month program to repeat as needed.
