Description

Description:

Arkopharma Beads of Skin is a dietary supplement based on vegetable oils and natural vitamin E intended for people wishing to maintain hydration and radiance of their skin.

Moisturizing Skin Pearls contains naturally occurring active ingredients and vitamin E. Borage oil and evening primrose oil provide essential fatty acids such as gamma-linolenic acid and linoleic acid.

Borage oil and evening primrose oil help to maintain the suppleness and elasticity of the skin.

Vitamin E is an antioxidant that helps protect cells from oxidative stress.

Directions:

2 capsules per day to be taken at mealtime with a large glass of water.
