Description

Avène A-Oxitive Peeling Cream helps to reduce and prevent the first visible signs of aging. In addition, it helps to fight against the harmful effects of daily environmental oxidative stress.

Moreover, Avène A-Oxitive Peeling Cream is rich in soothing, anti-irritating and softening Avène Thermal Spring Water.

Ingredients:

Retinaldehyde: boosts cellular activity, refines the skin's texture and evens the skin tone.

Provitamin E: helps provide skin with long lasting protection from free radicals

Indicated for: Tired skin, lack of energy, dull complexion, first wrinkles and fine lines, uneven skin texture.

Use:

Apply in the evening to both face and neckline.
