Description

Avène A-Oxitive Water Cream works as a protective shield to help fight against the harmful effects of daily environmental oxidative stress. The antioxidant shield complex (pro vitamins C and E) synergistically and long-lastingly neutralizes free radicals to protect the skin. Moreover, Avène A-Oxitive Water Cream is rich in soothing, anti-irritating and softening Avène Thermal Spring Water.

Indications: tired skin, lack of energy, dull complexion, first wrinkles and fine lines, uneven skin texture.

Use:

Apply in the morning and or/evening to both face and neckline.
