Description

Avène A-Oxitive Eye Cream helps to reduce and prevent the first visible signs of aging. Moreover, it helps to fight against the harmful effects of daily environmental oxidative stress.

In addition, Avène A-Oxitive Eye Cream is rich in soothing, anti-irritating and softening Avène Thermal Spring Water.

Ingredients:

Retinaldehyde: boosts cellular activity, refines the skin's texture and evens the skin tone.

Provitamin E: helps provide skin with long lasting protection from free radicals.

Indicated for: Tired eye contour, lack of energy, dull complexion, first wrinkles and fine lines.

Use:

Avène A-Oxitive Eye Cream

Apply at night, to the eye contour then smooth along the eyebrow.
