Description

Avène Physioliift Eyes Coffret includes:

- Anti-Aging Suncare
- Physioliift Eyes

Avène Anti-Aging Suncare included in Avène Physioliift Eyes Coffret is a very high sun protection, with anti-irritant properties, for normal to combination skin. It offers antioxidant protection and contains filters that protect against harmful radiation. Moreover, it moisturizes and soothes sensitive skin.

Before sun exposure, apply Avène Anti-Aging Suncare on both face and neck.

PhysioLift Eyes fills wrinkles and tightens the skin around the eye. Moreover, it reduces puffiness and dark circles. In addition, its good tolerance has been tested on sensitive skin.

Apply Physioliift Eyes at night, by light tapping on the eye area, emphasizing crow's feet, and smoothing along the brow bone.
