Description

Description:

Deeply hydrate skin with the Antirougeurs Jour Redness Relief Moisturizing Protecting Emulsion from Avène, specialists in gentle and sensitive skin care. Its unique formula contains green pigments to help diffuse skin colour and boost micro-circulation, reducing facial redness and providing a cooling sensation for long-lasting comfort.

Paraben free

Benefits:

- Antirougeurs: improves cutaneous microcirculation thanks to ruscus extract rich in saponins.
- Protective: enriched with vegetable oils for the comfort of your skin.
- Soothing: rich in Avène thermal water, soothing and anti-irritating, it immediately brings a feeling of calm to your skin.

- Photoprotective: its photoprotective agents protect you from UV rays (IP20).
- Decongestant: thanks to its content of dextran sulphate.

Use:

Clean your skin first with Dermo-Cleaner Lacté Antirougeurs.

Soothe your skin with a spray of Avene Thermal Water.

Put a dab of cream in the palm of your hands and heat it for a few moments.

Apply in the morning.
