Description

Avène Hydrance Rich Hydrating Cream provides long-lasting soothing as well as hydrating relief by restoring the skin's natural water reservoirs with anti-irritating Avène Thermal Spring Water.

Moreover, it protects the skin against environmental aggressions (UV, free radicals, pollution).

Its rich velvety texture leaves the skin feeling refreshes upon application. In addition, it provides softness, suppleness and luminosity all day long.

Indications:

- Dehydrates sensitive skin
- Tightness
- Roughness

Hydrance Rich Hydrating Cream

-Sensation of discomfort

Use:

Apply Avene Hydrance Rich Hydrating Cream in the morning to both face and neck.
