Features:

cruelty free

parabens free

Free from colourants, ethyl alcohol, oxybenzone, parabens, petrochemicals, phthalates and ingredients of animal origin (except bee by-products).

Beesline After Sun Cooling Lotion

Results:

INTENSE COOLING
SOOTHED & HYDRATED SKIN

Ingredients:

ROYAL JELLY is the milky-white waxy substance secreted from the glands in the hypopharynx of worker bees and is fed to the larval bees. Highly nutritious, Royal Jelly regenerates the cells and tissues leading to an increased collagen synthesis for tighter, firmer skin. PUMPKIN (Cucurbita Pepo) contains high concentrations of nutrients and potent anti-ageing properties due to its richness in antioxidant beta-carotene and phytosterols. The presence of a highly efficient proteolytic enzyme that dissolves dead skin makes it perfect for healing burns and wounds.

Use:

Shake well before use.
Apply generously to the face & body after sun exposure.
Reapply as often as desired to increase the skin's moisture levels effectively.
Pair with Beesline After Sun Repairing Milk for an ultra-soothing experience.
