SMOOTH SKIN

### NOURISHED SKIN

#### **Ingredients:**

BEESWAX (Cera Apis Mellifera) is a nutritious substance rich in vitamin A, beneficial to cell reconstruction and in specific fatty acids, compatible with skin lipids. Beeswax acts as an emollient and humectant to regenerate and soften skin by drawing moisture to the surface and sealing it in. DAMASK ROSE OIL (Rosa Damascena Oil), when diluted and used over a long period of time, can help with broken capillaries. Rose has astringent, toning and anti-inflammatory properties. It is particularly good for areas of sensitive and delicate skin. It soothes irritation and calms redness.

#### **Use:**

Apply as often as necessary & massage until absorbed.

Use to prime skin before applying makeup.

Use to remove makeup: massage into face & wipe away with a warm, damp cloth.

Use as a gentle shaving cream.
