### Ingredients:

BEESWAX (Cera Apis Mellifera) is a nutritious substance rich in vitamin A, beneficial to cell reconstruction and in specific fatty acids, compatible with skin lipids. Beeswax acts as an emollient and humectant to regenerate and soften skin by drawing moisture to the surface and sealing it in. COCOA BUTTER (Theobroma Cacao Butter) is a plant-based fat taken from the cocoa bean. The cocoa plant has high levels of anti-inflammatory and antioxidant phytochemicals that increase blood flow in the skin and protect against sun damage. Cocoa butter replenishes the skin's moisture and helps to maintain its elasticity and tone.

### Use:

Use 1-2x per week.

Apply to clean skin & leave on for 15 mins.

Massage gently into skin in an upward motion for further absorption.

Rinse with cool water & pat dry.
