Ingredients:

BEESWAX (Cera Apis Mellifera) is a nutritious substance rich in vitamin A, beneficial to cell reconstruction and in specific fatty acids, compatible with skin lipids. Beeswax acts as an emollient and humectant to regenerate and soften skin by drawing moisture to the surface and sealing it in. THYME (Thymus Vulgaris) has shown to be more efficient in treating acne and dandruff than medicated creams and shampoos, according to recent studies. It provides antibacterial, antiseptic and soothing properties. It also has astringent qualities and reduces sebum secretions.

Use:

Use 2x per day (morning & night).
Lather and gently massage onto damp skin.
Rinse with cool water & pat dry.
Follow with Beesline's Pore Refining Toner.
