Results:

EVEN COMPLEXION

RADIANT GLOW

Beesline Express Facial Whitening Mask

Ingredients:

HONEY (Mel) is a substance produced by bees from the nectar they gather from flowers. Highly concentrated in vitamins, flavonoids and amino acids, honey moisturises the skin and increases its immunity. These qualities make honey ideal for slowing down the ageing process and boosting the skin's radiance.

LACTIC ACID and SODIUM LACTATE are natural constituents of the body and occur during food fermentation. They lighten the skin by suppressing melanin formation and accelerating skin renewal. As a result, it rejuvenates aged, photo-damaged skin, and visibly reduces dark spots and wrinkles.

Use:

For optimal results, apply after using Beesline Express Facial Whitening Scrub.

Use every other day for 1 month, repeat the course as desired.

Apply to clean, dry skin & leave on for 15 mins.

Massage gently into skin for further absorption then wipe away excess. Do not rinse.
