Description

Description:

A glittering golden lotion with SPF & beta-carotene to ensure effective UV protection for natural, safe & healthier tanning. Gives a soft & radiant glow to the skin.

Features:

cruelty free

paraben free

petroleum free

Free from colourants, ethyl alcohol, oxybenzone, parabens, petrochemicals, phthalates, silicones and ingredients of animal origin (except bee by-products).

Results:

GOLDEN TAN
UV PROTECTION

Ingredients:

BEESWAX (Cera Apis Mellifera) is a nutritious substance rich in vitamin A, beneficial to cell reconstruction and in specific fatty acids, compatible with skin lipids. Beeswax acts as an emollient and humectant to regenerate and soften hair and skin by drawing moisture to the surface and sealing it in.

CARROT ROOT (Daucus Carota Sativa) is rich in beta-carotene (Provitamin A) and antioxidant tocopherols (Vitamin E). Carrot extract keeps the skin firm and healthy by restoring its elasticity and preventing sunburn and skin damage, all while enhancing the natural bronzing process.

Use:

Apply generously on the body 15 mins before sun exposure.

Reapply every 2 hours & directly after swimming & towel-drying.

Mix with Suntan Jelly Gold or Suntan Oil Gold for deeper tanning.

After showering apply Beesline After Sun Cooling Lotion or Repairing Milk.
