Description

Description:

Easy-to-apply spray formula that provides full-strength water-resistant sun protection while soothing & repairing the skin. Delivers 96% shielding from harmful UV rays & 80 mins of water resistance.

Features:

cruelty free
parabens free
petroleum free

Free from colourants, ethyl alcohol, oxybenzone, parabens, petrochemicals, phthalates and ingredients of animal origin (except bee by-products).

Results:

UVA, UVB & IR PROTECTION
WATER RESISTANCE (80 MIN)

Ingredients:

BEESWAX (Cera Apis Mellifera) is a nutritious substance rich in vitamin A, beneficial to cell reconstruction and in specific fatty acids, compatible with skin lipids. Beeswax acts as an emollient and humectant to regenerate and soften skin by drawing moisture to the surface and sealing it in. TITANIUM DIOXIDE is a white mineral pigment used as a colourant in cosmetics. It can absorb the sun's ultraviolet radiation, and thereby, protect the skin from sunburn and other damaging effects of UV radiation. Due to its ability to absorb the broadest spectrum of ultraviolet radiation, titanium dioxide has been approved by the FDA for use in sunscreen lotion and creams.

Use:

Apply generously to face & body 15 mins before sun exposure.
Reapply every 2 hours & directly after swimming & towel-drying.
Avoid staying in direct sunlight for prolonged periods of time.
After bathing, apply Beesline After Sun Repairing Milk.
