### **Ingredients:**

ROYAL JELLY is the milky-white waxy substance secreted from the glands in the hypopharynx of worker bees and is fed to the larval bees. Highly nutritious, Royal Jelly regenerates the cells and tissues leading to an increased collagen synthesis for tighter, firmer skin.

FRANKINCENSE (Boswellia Serrata) is resin from the Boswellia Serrata tree and is commonly used in traditional Ayurvedic medicine. Boswellic acids have anti-inflammatory and calming effects when applied topically. The extract helps reduce sun damage and fine lines. It stimulates collagen production and simultaneously relaxes facial features.

### **Use:**

Use every night.

Apply after cleansing & toning with Beesline Whitening Cleansers & Toner.

Use Beesline Whitening Elixir on targeted dark spots.

Finally, apply cream to face & neck massaging gently in an upward motion until fully absorbed.
