### Description

**Description:**

Bio-Taches Mask is a depigmenting peel off mask which gently exfoliates the skin, restoring a radiant complexion. Efficacy is due to its key ingredients and its original filmogenic presentation. Its concentration of Biotanoid can help to reduce brown spots and prevent their reappearance.

**Use:**

Apply Bio-taches Mask evenly on face and neck. Leave to dry for 20 minutes and then remove the mask gently from the bottom upwards. Repeat twice a week.
