Description

Description:

Sensibio Eye instantly soothes feelings of discomfort and irritation around the eye, biologically reinforces the skin resistance to attacks and increases the tolerance of sensitive skin. New biological breakthrough in sensitive skins, Toléridine® patent, reinforced by the patented natural complex DAF (Dermatological Advanced Formulation), inhibits the synthesis of pro-inflammatory molecules and reduces skin reactivity. Caffeine, decongestant agent Sensibio Eye, helps reduce puffiness. Hyaluronic acid and light reflective powders smooth and blur the lines of the bridge.

Fragrance-free formula. Hypoallergenic

Use:

Morning and / or evening. Apply Sensibio Eye on your eyelids and all around your eyes, cleansed with Sensibio H2O or Sensibio Milk .

Bioderma Sensibio Eye Contour Gel

Rub gently massaging the inside of the eye to the outside.
