### Description

Caudalie Anti-wrinkle Face Suncare SPF30 offers the skin maximum UVA/UVB protection for a natural, radiant, long-lasting tan, while preserving its youthful look.

Enriched with organic grape water, its light and creamy, non-sticky texture both moisturises and soothes sensitive skin.

In addition, its summery fragrance delicately envelops the skin in notes of frangipani flowers.

Equally protective for the skin and nature, its formula is both highly biodegradable and non-toxic for the marine ecosystem.

### Formula:

Caudalie Anti-wrinkle Face Suncare SPF30 formula combines an innovative system of filters with a new, patented antioxidant complex enriched with grape polyphenols, offering maximum protection and a powerful anti-wrinkle action.

Furthermore, Caudalie has banned controversial filters from its formulas. This includes chemical filters suspected of being endocrine disruptors, such as octinoxate and octocrylene, nanoparticle filters, and the filters known to be toxic to the marine environment, oxybenzone and octinoxate. Non comedogenic. Alcohol-free. Silicone-free.

Suitable for sensitive skin.

Dermatologically tested.

And as with all Caudalie products, no parabens, phenoxyethanol, phthalates, mineral oils or animal-derived ingredients are used.

**Benefits :**

- SPF30 sun protection
- Protects against signs of ageing
- Hydrates and soothes
- Water-resistant
- Respects the marine ecosystems

**Use:**

Apply a sufficient amount before exposure to the sun, then reapply every 2 hours and after swimming. Avoid the eye contour area.
