### Description

Caudalie Beautifying Suncare Oil SPF30 offers the skin maximum UVA/UVB protection and leaves the skin with a luxurious, satin-like finish. Rich in nourishing grape oil, this dry oil nourishes the skin. Besides, it boosts its tan with no greasy residue. In addition, its summery fragrance delicately envelops the skin in notes of frangipani flowers. Equally protective for skin and nature, its formula is both highly biodegradable and non-toxic for the marine ecosystem.

### Formula:

Its formula combines an innovative system of filters with a new, patented antioxidant complex enriched with grape polyphenols, offering both maximum protection and a powerful anti-wrinkle action.

Furthermore, Caudalie has banned controversial filters from its formulas. This includes chemical filters suspected of being endocrine disruptors, such as octinoxate and octocrylene, nanoparticle filters, and the filters known to be toxic to the marine environment, oxybenzone and octinoxate. Alcohol-free. Silicone-free.

Suitable for sensitive skin

## Caudalie Beautifying Suncare Oil SPF30

---

Dermatologically tested.

And as with all Caudalie products, no parabens, phenoxyethanol, phthalates, mineral oils or animal-derived ingredients are used.
