Description

Description:

A highly concentrated, light, and non-sticky serum that protects against the effects of pollution to promote a youthful-looking glow and address damage caused by environmental aggressors.

This lightweight, fast-absorbing serum visually smooths skin, promotes a youthful-looking glow, and offers protection against environmental irritants. Formulated with Caudalie's Anti Cell Burn-Out Complex™, it is designed to address damage caused by common pollutants and life stressors. The brand's signature grapeseed polyphenols join spruce extract to support natural antioxidant defenses. Collagen-boosting vitamin C and radiance-enhancing vitamin E encourage skin's natural vitamin production, while hyaluronic acid hydrates the skin and visually addresses wrinkles.
