Description

Caudalie Milky Sun Spray SPF30 offers the skin maximum UVA/UVB protection for a natural, radiant, long-lasting tan, while preserving its youthful look. 2-in-1 protection of both face and body

Enriched with organic grape water, its light, milky, non-sticky texture both moisturises and soothes sensitive skin.

In addition, its summery fragrance delicately envelops the skin in notes of frangipani flowers.

Equally protective for the skin and nature, its formula is highly biodegradable and non-toxic for the marine ecosystem.

Formula:

Its formula combines an innovative system of filters with a new, patented antioxidant complex enriched with grape polyphenols, offering maximum protection and a powerful anti-wrinkle action.

Furthermore, Caudalie has banned controversial filters from its formulas. This includes chemical filters suspected of being endocrine disruptors, such as octinoxate and octocrylene, nanoparticle filters, and the filters known to be toxic to the marine environment, oxybenzone and octinoxate. Non comedogenic. Alcohol-free. Silicone-free.

Caudalie Milky Sun Spray SPF30

Suitable for sensitive skin.

Dermatologically tested.

And as with all Caudalie products, no parabens, phenoxyethanol, phthalates, mineral oils or ingredients of animal origin are used.

Benefits :

SPF30 sun protection

Protects against signs of ageing

Hydrates and soothes

Water-resistant

Respects the marine ecosystems

Use:

Apply a sufficient amount of Caudalie Milky Sun Spray SPF30 before exposure to the sun, then reapply every 2 hours and after swimming.

Avoid the eye contour area.
