### Description

**Description:**

Cobalistica is a food supplement based on cobalamin and chromium that is intended to improve blood sugar levels and optimal nerve function. Each of the following ingredients exerts different effects:

- 1) Cyanocobalamin, which is Vitamin B12 coenzyme, plays a role in the process of recovery of damaged nerve cells and in the construction of blood.
- 2) Chromium is a trace element that maintains a normal blood sugar level by fighting glucose intolerance and stimulating the effects of insulin.

The combination of Cobalamine and chromium in Cobalistica capsules performs the following:

- Maintaining good glucose metabolism
- Improving neuromuscular function
- Reducing peripheral neuropathy
- Improving red blood cell count

Cobalistica can also be used in cases of peripheral neuropathy and pernicious anemia to reduce symptoms.

**How to use:**

Take 1 capsule per day or as recommended by your doctor.
