Description

**Description:**

The Advanced Formula of Correction Hand Intensive Repair ensures the best relief and protection from severe dryness and different environmental effects, and harsh chemicals in a record time. Correction Hand Intensive Repair is indicated to restore the normal status of the skin, and retain its elasticity and moisturization as a direct result of the unprecented blend of herbals, vitamins, and minerals.

- Ensures maximum relief and protection from severe dryness.
- Restores normal status of skin.
- Record time efficiency.
- Rich in Natural Extract and Vitamins.

**Key Ingredients:****Almond Oil:**

An excellent lubricant and emollient which is high in oleic, linoleic and other fatty acids. Ideal in the treatment of dry, chapped skin, it protects and moisturizes. Native sweet almond protein has similar properties with collagen and is an excellent anti-aging component that retains moisture, softens and smoothes the skin. Especially suited for sensitive skin.

**Vitamin E :**

An antioxidant, is known as a dynamic weapon against premature aging and can help combat environmental pollutants.

**Glycerin (Active Ingredient):**

Glycerin is a compound that can be made from natural products such as vegetable oil. Glycerin, also called glycerol, can be used for both cosmetic purposes and as a treatment for medical conditions of the skin.. The effects of glycerin on skin are a healthier, more natural-looking appearance.

**Use:**

Apply during day when needed. During night apply generously and rub gently on your hands.
