### Description

**Description:**

Azahar Floral Water from Darphin is a mild aromatic cleanser for face, eyes and lips. It is particularly appropriate for sensitive eyes and contact lens wearers, as well as sensitive skin prone to redness, rosacea and irritation.

The non-rinsing and non-drying formula of this Darphin Azahar Floral Water gently removes impurities and make-up without irritating, leaving skin fresh, soft and supple. Its delightful, natural scent of orange blossom provides a uniquely pleasant olfactory experience.

This gentle cleanser is suited for all skin types as it is dermatologically and ophthalmologically tested, as well as being alcohol, fragrance and soap free. It cleanses and removes all traces of make-up and impurities, whilst providing a comforting and soothing feeling.

**Directions of use:**

Apply twice daily.

Soak a cotton pad, then lightly sweep the pad over face, eyes and lips without pressing down or rubbing vigorously.

Repeat the process with another soaked cotton pad until there is no visible trace of impurity or makeup on the pad.

Dab to dry, do not rinse.
