Description

Description:

The extensive professional skills and expertise of the Darphin Institute have been poured into this silky and unctuous cream to simultaneously nourish and firm the skin. Its innovative technology enriched in patented redensifying Menyanthes Trifoliata boosts the skin's natural collagen production and helps preserve elastin fibres for visibly plumper and firmer skin.

Enriched in organic Shea Butter and Sweet Almond extract, Darphin Nourishing and Firming Velvet Cream nourishes and helps provide high affinity essential fatty acids in the skin. Its buttery texture instantly offers a deep sensation of comfort, and helps restore the skin's velvety

texture.

Darphin Nourishing and Firming Velvet Cream melts on the skin and is quickly absorbed, leaving a delicate white floral scent. A special moment of luscious daily body care indulgence.

94% of the total ingredients from natural origin. Formulated without parabens. Dermatologist tested. Clinically-proven efficiency.

Directions:

Apply morning and/or evening with slight massages.
