Description

**Description:**

The Darphin Hydraskin Light is an intensive, lightweight moisturising gel containing an exclusive new formula to preserve your skin's moisture levels. It boosts the skin cells' regenerative ability & together with vitamins, helps revitalise your skin.

It is everything your normal and combination skin could need, as the Darphin Hydraskin Light will leave your skin feeling moisturised & looking radiant. Acting as a perfect base for make-up, the lightweight new formula melts perfectly into your skin, so you're left with a bright, glowing complexion.
