Description

Description:

Darphin Ideal Resource Micro-Refining Smoothing Fluid Combination Skin is an ultra-light fluid with delicate fragrance of white flowers that concentrate the Line Polish Complex innovative technology to smooth wrinkles and fine lines, to bring radiance and restore the skin quality. Containing a micro-refining technology, this fluid smoothes and evens the skin in surface, and thanks to the matifying mineral extracts, pores are tightened, shine is neutralized.

The skin is hydrated, matified and reveals a silky and refined skin texture: the face appears fresh and young.

Darphin Ideal Resource Smoothing Fluid

83% of the total ingredients are from natural origin.

Directions:

Apply morning and/or evening on the face after serum.
