Description

**Description:**

Darphin Ideal Resource Smoothing Perfecting Serum is the ideal solution to fight the first signs of aging, in case of loss of radiance and softness, wrinkles and fine lines apparition.

This serum acts thanks to its optic pigments reflectors of light that immediately reduce the imperfections and help the skin to recover its natural beauty for a long time. The complexion has no more imperfection, even without make up.

With the presence of sclarea sage in its formula, this serum smoothes the skin. The powerful Line Polish Complex helps to support the natural

production of collagen.

The skin is radiant of beauty, the skin texture is refined, the pores are less visible.

92% of the total ingredients are from natural origin.

**Directions:**

Apply morning and/or evening on your clean face before your daily care.
