Description

Description:

Darphin Melaperfect Anti-Dark Spots Correcting Foundation SPF 15 is the skincare foundation which instantly transforms skin whilst helping to correct dark spots, for an ultra natural finish.

Darphin Melaperfect Anti-Dark Spots Correcting Foundation SPF15

Only in one gesture, skin complexion is evened out and imperfections and dark spots appear faded. Formulated with the patent pending ingredient Trametes, its formula helps minimize the appearance of dark spots day after day. It also offers a UV protection to fight against reappearance.

Formulated without parabens. Non-comedogenic. Dermatologist tested.

Directions:

Apply morning a small amount to the face after the appropriate serum and cream. Shake before use. Keep out of eyes.
