Description

Description:

Immediately benefit from the lifting sensation and radiant glow the Stimulskin Plus Lift Renewal Series imparts, and after 30 days of using Darphin's regenerating program and age-reversal treatment you'll notice more defined and sculpted facial contours.

Luxuriously presented these opaque platinum ampoules contain a high-end concentrated formula with black hematite to boost collagen and reinforce the skin's tissue structure. Use the Darphin Stimulskin Plus Lift Renewal Series as a 30 day intensive treatment, 3-4 times a year, to boost your cell turnover for a fresh cell upsurge, strengthening and improving the elasticity of your skin tissue. Maintaining your skin's 'bounce' it offers a plumping effect, helping to reduce the depth of wrinkles and leaving you with a brighter, smoother and firmer complexion.

Directions of use:

Use as a 4 week treatment.

Apply 2 drops onto the face morning and evening.
