### Description

**Description:**

D&Derm AHA Revitalizing Cream 15

Naturally derived from sugar cane, this emollient rich exfoliant contains Alpha Hydroxy Acid to correct visible signs of photoaging including dull, rough skin. Extra-strength, yet gentle formulation improves the overall complexion as it safely and aggressively smooths fine lines and wrinkles. Additionally regenerates natural collagen growth and cell production for younger, healthier looking skin. Formulated with 15% Glycolic Acid and a natural botanical polyphenol, moisture rich ingredients increase the skin's protection against harmful environmental factors. Non-greasy, non-irritating formula works effectively for maturing skin and as part of any post-procedure skin care regimen.

**Key Ingredients:**

- Corrects Visible Signs of Photoaging
- Regenerates Natural Collagen Growth
- Contains a micromolecular size Alpha Hydroxy Acid, Glycolic Acid 15%, naturally derived from sugar cane and a natural botanical

polyphenol

- Corrects visible signs of photoaging, including: dullness, sagging and rough skin
- Improves complexion as it safely and aggressively smoothes out fine lines and wrinkles.
- Actively regenerates natural collagen growth and cell production for healthier, younger looking skin
- Enhances the skin's protection against harmful environmental factors.
- Non-greasy, non-irritating formula works effectively for maturing skin and as part of any post-procedure skin care regimen.

### Use:

Apply sparingly over face and neck, avoiding eye area. Allow to absorb before applying additional products. Can be used once a day at bedtime or as directed by physician. Initial application should be twice a week for first week and increase use after skin shows minimal signs of irritation. Use of sun protection recommended.
