Description

### Description:

The BB Tinted Sun Cream with its light texture, ultra fluid and non greasy, is deposited like a veil on the skin for a comfort finish. Thanks to its complex of innovative plant and vitamin active ingredients, the responsible effects of aging of the skin are limited.

Protects against UVA and UVB  
Preserves the skin from premature aging  
Corrects the complexion  
Unifies the grain of skin  
Illuminates the complexion

### Use:

Before any solar exposure, apply generously and evenly the cream on the exposed areas of the face.

Regularly renew applications.
