### Description

#### **Description:**

Restore your skin's youthful glow by using this innovative peptidyn cream to smooth and enhance your eye and lip contours. This cream contains hexapeptides capable of boosting cell vitality to reduce the appearance of wrinkles and fine lines. Their effectiveness is reinforced by the addition of pink silk tree and ST paul's wort, which target eye circles and puffiness. Signs of tiredness fade away. The eyes look more open, refreshed and rested

#### **Use:**

Morning and evening, apply a pea-sized amount of this soft, delicate cream to the eye and lip contour.
