Description

Description:

The effects of skin aging are more early on the contour of the eyes where the skin is finer and less armed against aggressions. Formulated from the unique combination of Glycolic, Hyaluronic and Dioic acids, this treatment is also enriched with Retinol, Niacinamide and stabilized Vitamin C. Moisturizing and regenerating, it reduces pigmented rings and pockets. The wrinkles are blurred and the look brighter.

Use:

Apply every night to your eye contour by massaging lightly with your fingertips.
