Description

Description:

Bioactive Organic Royal Jelly has a host of supportive properties. Dr Organic combines this unique organic Royal Jelly together with a proprietary blend of select bioactive, natural and organic ingredients to formulate an incredibly effective leg and vein cream. Clinically tested marine extract palmaria is also used to act on cutaneous microcirculation, supporting lymphatic drainage and skin radiance.

Features:

- Improves skin radiance & promotes reduction in appearance of unsightly veins
- For spider/thread veins, and tired, heavy or restless legs
- Contains essential oils, shea butter, aloe vera & Organic Royal Jelly
- FREE OF: parabens - SLS - synthetic colors - DEA - phthalates - petrolatum - glycols - BHT - isothiazolinones - mineral oil - silcones

Successful testing in the following areas:

- Vascular endothelial growth factor
- Migration and proliferation of endothelial cells
- Destruction of basement membrane
- Superficial spider veins
- Stimulating circulation and eliminating fats
- Support of angiogenesis (formation of new blood cells)

Use:

For best results, massage into affected area twice a day.
