Description

Description:

Dr Organic Snail Gel Cream combines unique blend of bioactive, natural and organic ingredients with helix aspersa muller secretion, a complex blend rich in proteins, glycolic acid, collagen and elastin that the snail produces to regenerate and protect its own shell and skin when damaged. Dr Organic Snail Gel Cream is formulated to quickly absorb into the epidermis, restoring the natural moisture levels of the skin to help soothe and revitalise, leaving a luxurious feeling of firmness, tone and hydration.

-Free from: parabens - SLS - synthetic colors - DEA - phthalates - petrolatum - glycols - BHT - isothiazolinones - mineral oil - silicones

Use:

Apply liberally, as and when required.
