Description

Description:

Ducray Melascreen Global Serum 30ml is recommended to fight against cutaneous aging linked to the sun, localized brown spots, aging marks, wrinkles and loss of firmness.

This serum acts on all the signs of aging thanks to its concentrated formula:

- the AzélaWhite corrects brown spots,
- the B-White acts on the key enzyme implied in the melanin synthesis,
- the glycolic acid smoothes the cutaneous micro-relief,
- the hyaluronic acid contributes to replump the skin,
- the vitamin E helps prevent the damages of free radicals.

Ducray Melascreen Global Serum

The skin is visibly densified and recovers its immediate radiance. After a month of application, wrinkles and marks are clearly reduced.

Non comedogenic. Paraben-free. Dermatologically tested.

Use:

Apply morning and/or evening on face and décolleté.
Limit sun exposure.
