Description

Description:

Feel silky lube Play feel is a light silky lube giving you an intensely sensual experience! Containing a specially formulated blend of ingredients which will enhance touch between you and your partner. It's also non greasy lube or staining... just simply a great lube which really works. Play lubes can ease vaginal dryness & intimate discomfort whilst creating a sensual experience for both of you. It's water Soluble and safe to use with condoms and vibrators.

Use:

Twist the pump to open, squeeze gently and smooth the lube wherever you like. And when you need more, just help yourself.

You can use Play feel with all Durex condoms - just smooth over the outside of the condom when it's already on. Please remember though, it's not a contraceptive and it doesn't contain spermicide. But it is water soluble and is easily washed off. It's also non-sticky and won't stain.

Play feel is suitable for vaginal, anal and oral sex. Play lubricants may slow sperm down, so if you're trying to have a baby, talk to your doctor before use.
