Description

Description:

Clinijel is a clinically proven water-soluble personal lubricant gynaecologists and obstetricians recommend for supplementing a woman's own natural moisture. It feels so natural, only you need know you have used it. It is also safe for use with latex condoms and tampons.

Clinijel is:

- Pure - natural Ph balance is maintained
- Fragrance free for safety and comfort
- Non-greasy, non-staining

Use:

Squeeze tube to obtain desired amount of lubricant right before intercourse.

May be used to ease insertion of tampons, condoms, and rectal thermometers.
