### Description

**Description:**

This nutritional supplement with titrated dried plants extracts, ensures a restoring action at the microcirculation level.

It is recommended in case of venous insufficiency, cramps on ankles and calves, capillary fragility, leg pain and heaviness; situations caused by a wrong lifestyle, a poor diet, long periods of being standing upright and seated, worsening the circulation at the blood capillary and lymphatic levels.

The special formulation studied by ESI, uses a capsule with 4 tablets with an extended-release action, allowing a gradual and constant delivery of the product.

It gives the organism enough time (more than two hours) to assimilate and carry throughout the body, all the active principles, offering a long lasting action (Retard action).

Product clinically tested.

Gluten Free, milk derivatives Free, lactose Free, No added sugar, No added preservatives, No artificial coloring, No-OGM.

**Use:**

1 tablet daily.
