Description

Description:

Etiaxil for normal skin is designed to control the problems of excessive sweating and provide strong and lasting protection against sweat and odor of hands and feet.

Etiaxil is an antiperspirant, its action's duration is long and 2-3 applications per week are sufficient to control the sweat and odor.

The product is odorless, unscented and compatible with the use of usual deodorant or perfume.

Use:

Dry perfectly the concerned and unbroken area, use a hairdryer if necessary.

Apply Etiaxil at night before going to bed as the sweat glands are less active at night.
