Description

Description:

Eucerin DermoCapillaire Calming Urea Shampoo is specifically designed for dry and itchy scalp conditions. It's enriched with Urea and Lactate – two of the moisturising factors produced naturally by healthy skin – to give your dry, itchy scalp the nourishing care it needs. Used in conjunction with Eucerin DermoCapillaire Calming Scalp Treatment, it soothes and relieves itching and dryness while giving your hair a healthy shine and supple feeling.

Use:

Massage into damp hair.

Leave to soak before rinsing thoroughly.

Suitable for daily use.

Suitable for children over three years of age.

For best results, use in conjunction with Eucerin DermoCapillaire Calming Urea Scalp Treatment.
